

Attends®

Attends Overnight Briefs

Attends Overnight Briefs are developed for users and caregivers looking for a product that can be used for extended periods of time. Our SecureGrip™ fastening provides a reliable and snug fit with an expanded fastening area, improving grip and easy application of the Briefs. The Dry-Lock® core helps promote dryness for daytime or overnight protection, while ConfidenceCuff™ Protection helps prevent leaks around the legs. This brief features SmartCool™ Breathable Materials that provide 100% breathability to help improve comfort and help promote skin wellness. The brief is constructed with cloth-like material for premium softness and comfort and offers odor control.

- SecureGrip™ fastening provides a reliable and snug fit with an expanded fastening area, improving grip and easy application of the brief.
- Dry-Lock® Containment Core
