

Contour MAX 2.0 Adjustable CPAP Pillow

- Improves compliance for users of all major brands & styles of masks
- Ventilated Core Promotes Air Flow for Cooler Night's Sleep
- Two Different Sleeping Surface Options In One Pillow
- Minimizes Facial Pressure, Shifting, or Leaking
- Ergonomic Design Provides Better Head, Neck, and Shoulder Comfort
- Color Coded Foam Layers provide you with better customization when adding or removing layers to find your perfect height
- The updated quilting style provides a less clinical feel. The pillow is now white with blue piping instead of beige
- Fiberfill is hypoallergenic to allow even our most sensitive users a great night's sleep
- The extended hose tether is 3" longer to provide better hose control throughout the night to help reduce pulling and pressure on your mask
