

Delta® Ultra-Light 1000, Full-Electric Bed

Make in-home patient care convenient; this medical bed for home allows the patient to sleep and relax with individualized height, head and leg position controls. With sturdy construction and reliability and a weight capacity of 450 lbs, this electric hospital bed is a great choice for at-home care.

- The unique motor is completely self-contained to reduce weight and noise
- The motor assembly can be installed and removed with the patient in bed
- Bed, side rails, and mattresses are safety-tested by SGS, a nationally recognized testing facility. Satisfies all applicable FDA entrapment guidelines
- In the event of a power failure, a 9-volt battery located in the hand control can lower the head and foot sections nine times. No crank is needed.
