

4-in-1 TENS Belt for Back Pain

Inflatable Lumbar Support

Features a built-in inflatable cushion to relieve lower back pressure and promote spinal alignment.

Dual-Core Compression

Provides firm stabilization to reduce strain and support better posture

Patented AMP Technology

Combines 4 pain therapy technologies (TENS + EMS + NMES + Auto-Modulation) to stimulate the muscles and nerves.

Dr Ho's Triple Action Back Belt 4-in-1 TENS Belt for Back Pain - Essential Package

DR-HO'S Triple Action Back Belt is designed to relieve back pain, sciatic pain, and provide support for daily activities. With advanced features like inflatable lumbar support, dual-core compression, and built-in electrotherapy, it stabilizes the back and core muscles, reduces strain, and promotes proper alignment to deliver fast, effective pain relief.

- Relieve back and sciatic pain • Alleviate chronic back discomfort
- Improve posture affected by frequent bending or lifting
- Provide stability and support for the low back and core • Ease arthritis and joint pain
- Soothe fibromyalgia pain • Targeted pain relief with built-in electrotherapy
- Inflatable lumbar support and dual-core compression for enhanced back stabilization
