

Harmony Hi-Low Adjustable Bed

Harmony Hi-Low Adjustable Bed

Designed to look like a residential bed rather than a hospital bed, the Harmony Hi Low blends seamlessly into your room. The removable rear section of the frame even allows you to attach your own headboard, making it a beautiful and functional part of your decor.

NEW! Split Frame Design for easier delivery and installation

NEW! Wireless 21 button hand control that is backlit and features a flashlight

NEW! Tilt Feature

- Lift capacity of 880 lbs. • Dual Zone Massage
- The bed is 10.5" from the top of the deck to the floor in the low position and raises 11" to a high position of 21.5"
- Side rails and Casters are available as an option
- Adjustable three piece legs and headboard bracket included
- Available in Twin XL, Full, Full XL, Queen and Split King
