

MKO Lacing Wrist Brace

The MKO Wrist Brace is a dual stay, low profile 8" wrist brace with a unique "parachute pull" application strap. It is recommended for carpal tunnel, wrist sprains and strains.

Product Features Include:

- Low profile perforated material with flannel lining for maximum wear.
- Additional blue palmar padding to prevent gapping and facilitate a neutral position
- Dual removable and adjustable palmar and dorsal aluminum stays
- Tabbed stay pockets to prevent migration
- Simple single strap "parachute pull" hook and loop closure system
- Adjustable thumb web space strap • Excellent resting or sleeping carpal splint • Latex Free
