

TENA Protective Underwear For Men

TENA Men Protective Underwear fits close to the body and is designed to look and feel like regular underwear. Featuring elastic threads for a fit that stays in place, this underwear can be easily pulled on and off, and has tear-away sides for efficient removal. The core helps effectively move liquid away from the skin to help you take control of moderate to heavy bladder leakage protection.

- Triple Protection
- Masculine and discreet
- Secure fit
